Rdr reported had to make use of filly early as would have been caught wide without cover and consequently allowed filly to stride to sit outside the leader, however; when that runner steadied, was then obliged to lead-added filly travelled well in the run, but failed to let down in the straight as expected and was disappointing. When asked about performance, Rdr reported instructed to ride conservatively early in an attempt to allow gelding to settle as it was its first attempt over 1600m-said from wide barrier and after being slow to begin, settled at the rear, where gelding resented kickback early-added when placed under pressure, gelding responded to riding until peaking over final 100m and did not run out distance. Tnr's rep confirmed instructions & concurred with rider A post race vet exam revealed a slow recovery.
