S. Comments:A post race veterinary examination of the mare, which was beaten 27.6L, revealed it to be suffering from a poor post race recovery. Trainer Mr B Robinson stated that in his opinion the mare failed to handle the soft track conditions of the event and felt whilst the mare was disappointing, the surface was the principal factor which contributed to its performance. Trainer Mr B Robinson stated that he would not look to place the mare on rain affected surfaces in the future.

S. Comments:Rider questioned RE: The horse's seemingly improved performance. He stated previous start was over a shorter distance than today's event, the gelding was not suited by the quick early pace and was unable to take up a forward position, however the horse found the line strongly over the concluding stages. He added that with the step back up in distance today in a smaller field, the gelding was able to take up a forward position and travelled comfortably throughout, which he believed attributed to the improved performance. Trainer G. Cornish agreed with jockey Taylor's assessment.
