| S. Comments: Although a barrier blanket had been worn when racing in Victoria in the charge of a different trainer, the gelding had trialled in Queensland without a barrier blanket and a barrier blanket was not used in the barriers today. Had to be steadied away from heels approaching the 100m. The veterinary surgeon reported that the gelding had bled from the offside nostril. Trainer L. Mayfield-Smith was advised that the horse must gallop satisfactorily over 1000m in the presence of a steward before being permitted to race again. |                   |          |     |  |

| S. Comments:Raced 3 wide throughout and was disappointing over the concluding stages. When questioned regarding the performance, Jockey S Doyle explained that the instructions were to have the horse in a handy position which it got to without any real pressure and even though travelling 3 wide, he felt the gelding travelled comfortably until a point passing the 300m and when asked for an effort failed to respond to his riding. A post-race veterinary examination failed to reveal any abnormalities. |                        |          |     |  |                         |
