S. Comments:When questioned regarding his riding, Jockey said that after beginning only fairly the mare settled in a rearward position, in accordance with its established racing pattern. He stated that after being held up to the inside of runners rounding the home turn, he elected to shift his mount to the outside of the field and did not obtain clear running until passing the 200 metres, where the mare finished strongly.

S. Comments:When questioned, Jockey said that after being slow to begin he rode his mount along in the early stages, where it never travelled comfortably at any stage of the race. He added that, rather than improve around runners from the 600 metres, he elected to remain racing on the back of those runners and when placed under pressure in the straight his mount went to the line only fairly.

After taking evidence from the parties concerned viewing official video films and taking into account their own observations it was established that shortly after straightening third placegetter established a run to the inside of gelding, which then shifted in abruptly and hampered third placegetter. Bearing in mind the margin of a short half head and the manner in which both horses ran to the finish, stewards upheld the objection and amended the placings.

Apprentice advised that the mare had not jumped well and shortly after the start had to be restrained when crowded between runners and as a result the mare raced ungenerously to the 600m and was reluctant to stretch out despite her urgings. She added that at the 600m, when it was able to get on terms with another runner, the mare raced more generously. She further added that the mare was also held up for clear running rounding the home turn, but once able to obtain clear running, ran home strongly.
