She stated that, in her opinion, the horse had performed below expectations at its most recent 2 starts as a result failing to handle the heavy 10 track conditions. She added that in today's event she had removed the blinkers from the horse's gear and she felt this had assisted in having the horse settle during the middle stages of the race which she felt had a beneficial effect on the overall performance.

S. Comments:After being moderately away from wide barrier restrained with cover, however, unable to do so and restrained to a rearward position to obtain cover. After passing the 900m commenced to over-race and had to be restrained from heels on a number of occasions. G. Colless explained at its last start it raced more forward from inside barrier whereas today from wide barrier unable to hold a more forward position and in his opinion with track favouring horses racing in a forward position ridden back today may have been detrimental to geldings chances. Stewards noted the explanation.				<b>In Running: /10/8</b>
