Apprentice Tarrant indicated that it had not been his pre-race intentions, however after settling, his mount commenced to overrace when the pace slackened at that point and after shifting wider to avoid heels, he was of the view that it would be in his best interests to position the horse closer to the lead.

He indicated he had attempted to do so however the opportunity was open to him only for a short period and when he attempted to improve shortly after, BECKHAM shifted to a position 4 wide, and he therefore elected to steady and shift back to the inside in an attempt to improve into the race. Near the 50m was checked to avoid the heels of a riderless horse. A post race veterinary examination of the gelding revealed it to have mild heat stress and to be mildly lame in the off hind leg.

Jockey Bogenhuber stated that after travelling wide in the early stages, she allowed her mount to stride forward to a leading position, which is the gelding's usual racing pattern, however from a point leaving the 500m was under pressure and proved disappointing in its finishing effort, and in her opinion the gelding may have come to the end of its preparation.

S. Comments:Slow into stride. Stewards afforded trainer Mr K. Martin to comment on the seemingly improved performance. He stated that the gelding at its last start was slowly away and settled further back in the field than anticipated. He added that the horse settled closer today due to the good barrier draw and was suited by the step up in distance.

S. Comments:Stewards questioned trainer in relation to the horse's improved performance. He advised that first up from a spell on 18 September the gelding raced on a heavy track, which was to its detriment on that occasion and explained the poor performance. He added that the horse jumped out well subsequent to its first-up run and he expected a forward showing today based on that jump out and the fitness benefit the horse would have derived from its first-up start.
