S. Comments:Questioned re: performance - rider stated from wide alley intention was to obtain handy position. Despite racing wide in early stages was able to obtain handy position and travelled comfortably in middle stages, once placed under pressure leaving the 600m commenced to weaken. Of the view that the gelding may be better suited ridden further back in the field and over further ground. Thr. was unable to explain performance as gelding pulled up well following the race. Indicated they would have it ridden further back in the field at its next start. Vetted and found to have a slow recovery rate.

S. Comments Raced wide in the early stages			

3/09/2015 Page 20 of 31

S. Comments:Raced wide throughout. When questioned as to the horse's seemingly improved performance, trainer G. Heinrich noted that from a wide barrier at its last start it raced further back in the field than expected and then peaked on its run over the final 200m. Ms Heinrich noted that on that occasion the horse was first up from a spell and she was of the view that it would derive some fitness benefit from that run. The explanation was noted.
