S. Comments:When questioned as to the seemingly improved performance stable representative S. Andrew noted that hoof pads had been added to the gelding's gear today. Mr Andrew also noted that the gelding had previously performed well on rain affected conditions and in his opinion the step up in distance today together with the addition of hoof pads had contributed to the improved performance.

Allen stated his intention was to obtain a position just off the speed. Jockey Allen added that after beginning only fairly he allowed SAVVY GIRL to cross forward of him so as to obtain his intended position. However, near the 1500m had to steady the mare when tightened for room by another runner, which resulted in him settling further back than anticipated. | S. Comments:Bumped by another runner near the 900m. Stewards questioned rider and trainer regarding horse's seemingly disappointing performance. Rider could offer no explanation, however advised that at no stage did it travel strongly throughout the event. Trainer expressed disappointment with the performance, however advised that on returning to scale the horse appeared to have its tongue back, which may have contributed to the poor performance. He further advised that based on that he would add a tongue tie to the horse's gear for its next start. Vetted, no abnormalities. |                  |          |  |

S. Comments:When questioned re tactics adopted jockey A. Spinks stated he was not given any specific instructions today. Jockey Spinks added he was concerned the mare was forced to race further back than anticipated at its previous start and as such elected to ride the mare out of the barriers in an effort to obtain a midfield position however, when caught wide in the early stages was obliged to allow the mare to stride forward to obtain a handy position. Jockey expressed his disappointment in the mare's performance today and was of the opinion it may have jarred up on today's surface.

S. Comments:Began awkwardly. Rider questioned re tactics. He said instructions were to ride forward, however despite the gelding beginning awkwardly and making heavy contact with horses to its outside, he attempted to ride forward, however was unable to muster sufficient speed and after travelling a short distance shifted closer to the fence near the rear of the field. He said when approaching the home turn the gelding overraced and he was obliged to steady from heels near the 600m and again near the 500m. He said the gelding obtained clear running in the straight and finished the race off well.

Rider advised that after being slow to begin she rode vigorously in the early stages and the gelding was reluctant to improve to the outside of another runner when passing the 800m. She further added that when asked to improve rounding the home turn outside of Totally Sure, her mount again raced greenly with its head in the air, showing a reluctance to race between horses. She indicated that when afforded clear running in the home straight, the gelding found the line well and was of the view that a step up in distance to 1200m would be beneficial for the gelding.
