McGillivray regarding his riding of the horse, which settled at the rear of the field, which was in contrast to its established racing pattern. Jockey McGillivray indicated as it was having its first start over the distance he had been instructed to not overly pressure the horse in the early stages and to obtain cover midfield. He added that during the early stages it became apparent he would be caught in a 3 wide position and rather than pressure his mount he elected to steady and take up a trailing position with cover closer to the fence.
