S. Comments:Questioned re performance - rider stated mount raced keenly in lead throughout the race and as a result weakened over the final 200m. Whilst it had won over a similar distance last start, when displaying racing manners evident today failed to runout the 1200m. Post race vet revealed to be lame near fore leg and signs of poor post race recovery.

S. Comments:A post-race veterinary examination revealed the mare to have a slower than normal recovery rate. Trainer reported horse pulled up well and an endoscopic examination failed to reveal any abnormalities. Only tangible explanation was that it may have resented being restrained once it found the lead as had performed poorly in the past when ridden in a similar fashion. Will instruct rider to allow horse to travel along in lead without being restrained next start. If again performs poorly will reassess current campaign.

S. Comments:Approaching the 200m shifted out under pressure. When questioned regarding the poor performance Jockey said that she had to make some use of her mount in the early stages to obtain a position closer to the running rail, rather than be caught wide, however even allowing for this, she said her mount was disappointing and weakened from the 200 metres. Jockey added that in her opinion the gelding did not appreciate the quick back-up after Saturday's race. A post-race veterinary examination did not reveal any abnormalities.

S. Comments:Raced wide throughout. When questioned as to the tactics adopted today, Jockey V Johnston stated that she was given no specific instructions. Jockey Johnston noted that she rode the filly at its last start where after beginning well, she elected to press forward. Jockey Johnston stated that today the filly began only fairly and as a consequence she attempted to obtain a mid-field position with cover.
