He added that in his opinion the gelding was disadvantaged today, being three weeks between runs and stepping up to the 1625m in today's event for the first occasion. He said that whilst it may have appeared to be disappointing, in his opinion the gelding would take significant benefit from it.

Jockey Bogenhuber advised that, despite being forced to do some work in the early stages to obtain a position outside the leader, the filly travelled strongly until placed under pressure, at which point it failed to respond to her riding and proved disappointing. A post-race veterinary examination revealed no apparent abnormalities. A swab sample was taken from the filly.
