S. Comments:Began very awkwardly. When questioned regarding the poor performance, apprentice advised that the poor start and subsequently losing ground from the field was the predominant factor in the disappointing performance. A post-race veterinary examination revealed no significant abnormalities. Trainer was advised a warning would be placed on the gelding's barrier manners as a result.

After racing wide in the early stages, was permitted to stride forward and obtain a one-off position outside the leader near the 800m. Trainer stated that, in his opinion, the gelding is better suited when ridden in a quieter fashion with cover and the additional work required of the gelding in the early stages of the event was a telling factor in the finish. A post-race veterinary examination did not reveal any abnormalities.
