Tarrant explained it was not his intention to be in a forward position, however with the small field he had no choice but to race in that position. He further added having previously ridden the gelding, he is of the opinion the gelding appreciates some cover in its races and was unable to find cover today, which may have had some effect on its finishing effort.

S. Comments:Shortly after start when being ridden forward to obtain a position closer to the rail the saddle shifted back noticeably causing the mare to attempt to buck and in doing so shifted in tightening runners to its inside and eventually made heavy contact with the running rail for a short distance and lost ground. From that point was unable to be fully tested for the remainder of the event. As Stewards were of the opinion that the mare had attempted to buck because of the saddle shifting back they took no further action.
