He added that when the pace quickened passing the 500m the gelding failed to improve when asked, however over the concluding stages finished the race off well. He further added that CHAPELCO has raced flat previously when second up from a spell and in his opinion may appreciate racing on a bigger track than that of today's event.

 S. Comments:When questioned regarding the run, apprentice A. Thompson stated it was his instructions to race in a forward position, however, after working to a three wide position he elected to push forward approaching the 800m to the outside of the leader. As a result, he was then reluctant to overly restrain his mount as it had previously had a tendency to get its head up in track work when being restrained. He added that he would have preferred to have obtained a position on the rail or sitting off the header, however, he was unable to do so and the horse thereafter gave ground in the straight. Trainer
