Further added had he gone wider rounding home turn would have covered significant extra ground which would have been detrimental to his mount's chances.

Questioned re tactics - intention to lead outright, thought the other leader drawn inside may begin slowly and attempted to press forward early to attempt to obtain lead. Horse drawn inside was able to muster speed and maintain position to his inside so he continued to ride forward to obtain lead near 1000m. Had he realised other runner was going to continue to ride forward to maintain position to his inside he would have taken hold to sit off that runner instead of continuing to ride forward in early stages.

S. Comments:Slow to begin. J. Lloyd said connections wanted to race off the pace, but the gelding overreacted when being steadied shortly after jumping and got its head up and got further back than they had anticipated. He said he was inconvenienced severely when another runner broke down, resulting in him having to take evasive action passing the 600m. He added that he then rode the gelding along in the straight, but it failed to respond and he was not entirely happy with its action so he eased it down in the latter stages. Vetted, lame in the near foreleg. Veterinary clearance prior to racing again.
