He stated that after beginning awkwardly he rode the horse at the tail of the field, which was in contrast to its recent racing pattern. He indicated in hindsight this may have had an effect on the overall performance as the horse had a tendency to lay out in the event and was disappointing from the 600m.

S. Comments:Stewards questioned B. Panya regarding the tactics adopted and the performance of the horse. She indicated that after riding the horse forward, as is the horse's racing pattern, she initially intended settling to the outside of DANDOG, however when her mount raced keenly she elected to allow the horse to stride passing the 1000m in an attempt to cross that horse, however DANDOG continued to hold its position to the inside, and whilst her mount did settle somewhat when approaching the 600m, the gelding was immediately under pressure passing the 400m and was disappointing in the run to the line.

Had a tendency to race keenly from the 1200m to nearing the 1000m. Apprentice E. Ljung advised that after beginning awkwardly and being caught wide in the early stages, her mount eventually settled near the 1000m and obtained a comfortable run for the remainder of the event, however when placed under pressure failed to respond to her riding and in her opinion proved disappointing. A post-race veterinary examination revealed no abnormalities.
