S. Comments:When questioned as the improved performance, Jockey C Eaton, who rode the filly at it's only other race start, reported that on that occasion the filly raced greenly and settled towards the tail of the field at a venue suited to horses which race on the pace. She added that with the race experience from that event the filly travelled far more tractably today which she felt was the major reason for the improved performance.

A post race veterinary examination failed to reveal any significant abnormalities. Trainer's representative Mr M. Henderson indicated they would have veterinary tests performed during the week and would report back to stewards the results. He also added that, in his opinion, the horse may not have appreciated the soft racing surface.
