firm racing surfaces at its most recent starts at Dalby and Gatton. He went on to say that two starts ago at Toowoomba he was unable to offer an

explanation for the mare's seemingly disappointing performance. He also advised that, in his opinion, today's racing surface, combined with racing at a track

where the mare has an exceptional record, were the major contributing factors to the horse's improved performance. Stewards noted the explanation.

Stewards raised concerns that when the pace in the early stages of the race was only steady, whether there had been opportunity for her to allow the mare to

stride forward in an attempt to obtain the lead rather than have the horse overrace whilst in a three wide position. Refer Stewards Report.

S. Comments:Slow into stride. When questioned regarding the horse's improved performance, trainer M. Callaghan explained that at the gelding's previous

start it was first up following an 8-week let-up and over a shorter trip, which may have been unsuitable for the gelding. He thought that a fitness edge second

up today and a step up in distance to 1350m, as well as a drop back in class, could have been to the gelding's advantage today. Mr Callaghan further advised

that he had only a small wager on the gelding and was somewhat surprised by the win today.

She advised that the horse raced very greenly throughout the event, hung out rounding the home turn and shifted out abruptly when attempting to secure clear running over the concluding stages. She also added that the horse had returned to scale with lacerations in its mouth. Trainer M. Mair confirmed this. He was advised that he must provide a veterinary certificate prior to its next race start and must also trial satisfactorily.
