| S. Comments:Improved onto heels near the 200m and was forced to shift out wider on the track. Rider questioned re disappointing performance - Rider explained that the instructions were to be in a forward position and after obtaining a position on the fence added that the gelding failed to handle the kickback and as a result had a tendency to hang out. He further added that after pressuring the gelding from a point near the 600m, he was unable to make up the necessary ground on the tight turning track and proved disappointing. A posttrace vet exam failed to reveal and significant findings. | | | | | |
