S. Comments:Questioned re: performance - rider stated intention was to settle in a forward position however after being fractious in the barriers his mount began awkwardly and settled in a midfield position. Then travelled only fairly and when placed under pressure failed to respond and proved disappointing in the run to the line. Post race vet revealed the gelding to be suffering from the onset of a viral infection. Trainer expressed disappointment in performance and advised that it would be spelled immediately.

S. Comments:Inquiry re tactics adopted, which appeared in contrast to the mare's previous 2 starts. Rider advised she was instructed to position the mare where it was comfortable, adding at its previous start it raced towards the rear of the field from a wide alley. She added it was not her intention to lead today, however after beginning well from a wide barrier she allowed it to stride forward to take up the leading position rather than risk being caught wide in the early stages of the race. The explanation was noted.

S. Comments:Fractious in the barriers. A warning was placed on the gelding's barrier manners. When questioned as to the disappointing performance, jockey D. Missen advised that after beginning well he attempted to obtain a forward position as per its customary racing pattern, however the gelding failed to show the speed that he anticipated and consequently settled in a midfield position. He added that the gelding never travelled strongly on the bit throughout the event and proved disappointing in the home straight.

Comments:R Wilson questioned re tactics adopted as the horse led in today's event, which is in contrast to the horse's most recent racing pattern.He indicated that this was the horse's first start over more than a 1000m this preparation and as there was a lack of pace in the event and as the horse has had a tendency to be slow to begin at its most recent starts, he instructed S Eilbeck to be aggressive in the early stages however, did not instruct her to lead. Mr Wilson was reprimanded and advised that in similar circumstances he would be expected to approach stewards with instructions of this nature.

S. Comments:Compounded in the home straight. When questioned regarding the disappointing performance, rider M. Cahill stated that after being ridden hard in the early stages to hold a forward position, the mare refused to settle and then had a tendency to hang out rounding the home turn, which was a telling factor on its performance today. A post-race veterinary examination revealed the mare to have a slower than normal recovery rate.

Was of the view the runner forward of him would cross to the fence so pushed forward to sit outside it but it was unable to do so which resulted in him racing 3 wide in middle stages. He therefore allowed the horse positioned wide of him to cross forward of him as his gelding was having its first start over 1800m. The gelding then failed to quicken when placed under pressure leaving the 600m and in his opinion raced flat.

Post race vet exam failed to reveal any abnormalities. Stable representative stated that the gelding is better suited when able to lead.
