S. Comments: Blundered on jumping. Near 1400m steadied. Questioned re tactics, lack of vigour between 600m and 400m. Rider - mount travelled only faily on heavy track and in horse's best interest to keep it travelling on the bridle to give it every chance of finishing off the race. Placed under pressure rounding home turn at which point it finished off the race better than expected. Conceded that had he known horse would let down well in heavy conditions should have improved earlier than he did. Noting horse had failed in heavy conditions previously stewards advised rider not to leavy riding open to query.

S. Comments: After being held up in traffic, underwent a veterinary examination and cleared to take its place in the field. Slow to begin. Stewards asked apprentice C. Dell to comment on the performance. He indicated that the horse was slow to begin and he was forced to ride his mount further back in the field than he would have liked and was also obliged to pressure the horse from the 700m and despite this the horse responded to his riding over the final 300m and was doing its best work over the concluding stages. He indicated the horse would appreciate the step up to 1600m.

S. Comments: Weakened badly in the home straight. Rider reported that his mount failed to respond to his riding from the 600m and was disappointing, which he attributed to not being entirely comfortable on the soft track. He added that in his opinion the gelding would take a fitness benefit from today's race. Trainer M. Wilson confirmed that BABUR was not entirely comfortably on rain-affected tracks and added that due to the recent wet weather the gelding has

missed track gallops and would derive benefit from today's race. A post-race veterinary examination revealed no significant findings.

S. Comments: Shifted out approaching the 100m and bumped another runner. Rider questioned re tactics. He said he was told to lead if possible and after trying to take a sit when caught wide, he could not obtain a position with cover so he allowed the horse to stride forward. He said being its first run with blinkers back on, it raced a little keenly so he elected not to restrain it but allow it to stride along at a comfortable pace in the lead. He thought being caught wide early and having to do additional work may have had an effect on the gelding's finishing effort. Stewards noted his explanation.
