| S. Comments:When questioned regarding his riding, Jockey stated that instructions were to ride the filly in a forward position, however after beginning only fairly, and when runners to his inside showed superior speed, he elected to take up a rearward position closer to the running rail. Jockey said that his mount travelled comfortably throughout, however shortly after straightening for home was disappointed for a run, then shifted back to the inside and soon afterwards was able to obtain clear running, where the filly ran to the finish strongly. |                      |                |                                     |
