S. Comments:The start was delayed when the hosre became fractious in the barriers, hitting its head on the front gates. The horse underwent a veterinary examination and was cleared to take its place in the field. Then found to have blood in its near-side nostril post race, which was attributed to the contact in the barriers. Stewards took no action against the horse. When attempting to be steadied approaching the 800m, the gelding overraced until leaving the 700m.

Attempted to restrain to sit off leader in middle stages but that horse continued to race to his inside resulting in his horse over-racing in the middle stages which prevented him from restraining it any further. Stewards advised him that he should have made a greater effort to restrain the gelding in the middles stages so as to sit off the leader and give his mount every opportunity of finishing off the race.
