Nonetheless trainer was advised that a warning would be placed on the filly and should it perform similarly at its next start it would be required to trial to the satisfaction of Stewards. A post-race veterinary examination of the filly failed to reveal any abnormalities. Trainer has since reported to Stewards that the filly has been working well in a tongue control bit.

After taking evidence from all parties, viewing patrol films it was established that near the 400m the other runner shifted in and momentarily hampered gelding however bearing in mind the minor nature of interference, the manner in which both horses ran to the finish and the ½ length margin stewards could not be satisfied that had interference not occurred gelding would not have beaten other runner and subsequently dismissed the objection.

S. Comments:Stewards considered an objection lodged by jockey against second placegetter, alleging interference in the early part of the home straight.			
After taking evidence from the parties concerned, viewing official video films and taking into account their own observations it was established that shortly after straightening mare established a run to the inside of second placegetter, which then shifted in abruptly and hampered mare. Bearing in mind the margin of a short half head and the manner in which both horses ran to the finish, stewards upheld the objection and amended the placings.

S. Comments:When questioned in relation to riding tactics Jockey advised that after being fractious in the barriers and slowly away he allowed his mount to settle in a rearward position. He added that he travelled wide in the middle stages as he believed the inside going was inferior. He further stated he did not ride the gelding along in the downhill section of the track as he felt it would become unbalanced in the going and for this reason he allowed it to straighten and balance up before placing it under pressure and finishing strongly. The matter was adjourned to a later date.
