S. Comments: When questioned regarding the performance of the gelding Jockey Hellyer said that the travel today and the previous day may have had an adverse effect on the horse. He said that in his opinion it may not appreciate racing over 1800 metres and the fact that it had another runner to its outside which pressure for the lead from the 1000 metres until near the 400 metres may have been detrimental to its poor performance. A post-race veterinary examination did not reveal any abnormalities.

S. Comments:Bumped heavily by another runner in the early stages of the event on a number of occasions. Stewards questioned apprentice B. Stower in relation to the seemingly disappointing performance of EXTRA SHOT. Apprentice Stower advised that the gelding failed to muster its customary early pace and as a result she was required to ride the horse along in the early stages to obtain a forward position. She added that when placed under pressure in the home straight the gelding failed to respond to her riding and proved disappointing. \$20,000 \$2,000 (\$1,000), \$6 \$7

S. Comments:Rider questioned re her riding of the horse which raced in the four wide position for the majority of the race. She advised that her instructions were to take an easy lead if possible however if it was not possible to take a sit behind the leaders and work home from the 600m. She added that she attempted to lead but at the turn out of the straight the horse was three wide and unable to cross and therefore she was forced to race outside the two leaders in a three horse field. She added added that the horse hung out slightly to place her in a four wide position during the event

S. Comments:Bumped by another runner near the 900m. Stewards questioned rider and trainer regarding horse's seemingly disappointing performance. Rider could offer no explanation, however advised that at no stage did it travel strongly throughout the event. Trainer expressed disappointment with the performance, however advised that on returning to scale the horse appeared to have its tongue back, which may have contributed to the poor performance. He further advised that based on that he would add a tongue tie to the horse's gear for its next start. Vetted, no abnormalities.
