S. Comments:Jockey M. Hellyer reported the horse was making an abnormal respiratory noise on pulling up. A veterinary examination of the horse, which weakened badly and finished a distant last, revealed it to be in a very distressed state and having a poor post race recovery. Connections were advised that it must trial satisfactorily prior to its next race start and undergo an endoscopic examination, the results of which to be reported to stewards. Trainer's representative indicated in light of today's performance it would either be sent for a significant spell or be retired.
