S. Comments: Compounded in the home straight. When questioned regarding the disappointing performance, rider M. Cahill stated that after being ridden hard in the early stages to hold a forward position, the mare refused to settle and then had a tendency to hang out rounding the home turn, which was a telling factor on its performance today. A post-race veterinary examination revealed the mare to have a slower than normal recovery rate.

S. Comments: Trainer T. Edmonds was questioned regarding the improved performance. He stated, in his opinion, the mare did not handle the patchy track at Ipswich at its previous start, and also that he believed the step up in distance from 1200m to 1350m may have benefitted the mare. A post race veterinary examination revealed the mare to have bled from its off-side nostril.

She indicated that after beginning awkwardly and taking up a position in the second half of the field, she was forced to niggle the horse throughout the early stages in order to hold its position and when asked for an effort in the home straight the gelding, in her opinion, only finished the race off fairly. She indicated that she recommended to connections to step the horse up over 1600m and experiment with the addition of blinkers to the horse's gear. \$15,000 \$1,425 \$4.80 \$4.80

Further evidence was taken from trainer T. Sears and managing owner Mr D.
