S. Comments: When questioned regarding the performance, jockey J. Byrne stated that the gelding failed to travel comfortably at any stage of the race and, in his opinion, proved disappointing. Jockey Byrne was of the view that the horse may improve when placed n races over further distances. Trainer C. Munce confirmed that the gelding would now be placed in races over further distances, and undertook to have blood tests conducted, the results of which he would report back to stewards. A post race veterinary examination failed to reveal any significant abnormalities.

S. Comments: Inquiry re poor performance. Rider said after beginning well be rode his mount along in an endeayour to obtain its customary leading position. but when runners drawn to his outside showed superior pace, he had to take a trailing position near the 1000m. He added that shortly after obtaining this position, the mare failed to travel strongly on the bit and was under pressure, proving disappointing. He added that, in his opinion, given its established racing pattern, in his opinion, it was not suited when unable to lead tonight.

improved performance trainer R. Heathcote stated that the gelding may not have appreciated the step up in distance at its previous start of 1400m and the gelding may have been too fresh for that event. Mr Heathcote added that the gelding was more suited today racing over 1200m with a genuine tempo.

S. Comments:Laid in under pressure in the home straight. Rider R. Fradd was questioned at scale following the event as it was observed that there were specks of blood visible on his colours. R. Fradd indicated that the horse had a laceration to the poll. Following this information, stewards interviewed trainer K. Kemp and foreperson Mr A. Wallace to ascertain when the gelding had sustained the injury. As stewards were unable to identify how or when the injury had occurred, they noted their explanations and no action was taken.
