S. Comments:Raced wide without cover for the majority of the event. Stewards questioned App. T. Williams in regards to the tactics in the early and middle stages and as to the reasons she left a three wide position with cover near the 800m to improve wider on the track. Ms Williams stated that after obtaining cover and being crossed by LILIERO, her mount was inclined to race keenly and as a result she elected to shift wider on the track and improve forward. Stewards advised Ms. Williams that she had erred at this stage of race and should have made a greater effort to maintain her position with cover.

S. Comments:Jockey M. McGillivray reported that following the race he felt the horse may have chocked down and this contributed to the gelding weakening over the final stages. A post race veterinary examination revealed a poor recovery rate and recommended that the horse undergo an endoscopic examination in the coming days.

| S. Comments:When asked to comment on the performance of his mount, which he indicated was disappointing, stated that the horse settled at the rear of the field, as is its recent pattern, and despite travelling comfortably throughout did not respond to his riding and was very disappointing in the run to the line. He could not offer any tangible explanation for the performance other than to state that carrying 60 kilograms may have had some bearing. A post race veterinary examination failed to reveal any significant abnormalities and a swab sample was taken. |                    |           |     |   |
