S. Comments:J. Morris reported that after racing outside the lead he became concerned with the horse's action on straightening and as he was of the view that something may have been amiss with the mare he did not persist in riding it out and eased it down over the concluding stages. A post-race veterinary examination revealed the mare to be suffering from heat stress and to have a poor post-race recovery. Trainer B. Smith advised that he would have the mare scoped the following morning, the results of which he undertook to forward to stewards.
