Nickiera 57 1, 4 LEN, 1-12.40 35.14 **In Running: /4/5**  
 S. Comments:When questioned, J. Byrne stated that after obtaining cover from the 800m, the horse travelled well to the home turn, but when placed under pressure failed to run on and in his opinion was disappointing. A post-race veterinary examination revealed no significant findings and a swab sample was taken.

S. Comments:Began awkwardly. When questioned regarding the tactics adopted, in particular setting a quick tempo in the early and middle stages, trainer stated that the filly's best runs have been when it has been allowed to roll along in front and attempt to run the field off its feet. Mr Hansen added that the filly does not appreciate being overly restrained or racing around other horses and is much better suited by the tactics adopted today. Mr Hansen added the filly has never raced on a surface worse than good before and he is not convinced it appreciated the soft track conditions today.

S. Comments:Questioned re tactics. Rider stated that she was instructed to position horse at rear of field and added that due to fast tempo in early stages

she settled 2 lengths of the second last horse. However, when asked to improve passing the 600m the horse travelled strongly and finished off the race well.

Stewards advised App that she should have made greater use of the horse in the early stages to maintain a position inside of IT'S ON THE POCKET in the

early stages.

S. Comments:Questioned re performance - rider explained he rode with vigour in early stages to establish a forward position, however passing the 1000m he was unable to muster sufficient speed to cross leaders and obtain position closer to the rail and as a result was forced to raced wide throughout middle stages. Rounding the turn near the 600m his mount was inclined to race on one rein and rounding the home turn hung outwards and ran wider on the track. Gelding responded to urgings, however felt effects of a wide run throughout the early and middle stages. Post race vet exam revealed no abnormalities.

| S. Comments:Hung in under pressure in the straight. When questioned regarding the riding tactics adopted in the early stages, rider reported that he had no specific instructions and as the horse did not begin well, he restrained to the rear of the field in an attempt to obtain cover. He said the horse initially shifted out in the early part of the straight, which resulted in him changing his whip to his left hand, and soon afterwards the horse shifted in when placed under pressure so over the concluding stages he elected to ride the horse in a hands and heels manner. Stewards noted his explanation. |                     |                 |                                 |

S. Comments:Slow to begin and despite the efforts of its rider trailed the field for the majority of the race. A post-race veterinary examination failed to reveal any apparent abnormalities at the time of examination. Questioned re: disappointing performance - trainer noted gelding is better suited over further distances but was still disappointed as gelding had pleased him in a trial leading into the race. Reported that gelding pulled up well after the race and blood tests had failed to reveal any abnormalities. Would step gelding up in distance next start. Warning placed on uncompetitive performance.
