S. Comments: Questioned re performance - rider explained he rode with vigour in early stages to establish a

forward position, however passing the 1000m he was unable to muster sufficient speed to cross leaders and obtain position closer to the rail and as a result was forced to raced wide throughout middle stages. Rounding the turn near the 600m his mount was inclined to race on one rein and rounding the home turn hung outwards and ran wider on the track. Gelding responded to urgings, however

felt effects of a wide run throughout the early and middle stages. Post race vet exam revealed no abnormalities.

P. Facoory to lead and that he complied with those instructions, positioning in front near the 900m, and that from the 500m he attempted to place some pressure on the gelding in an endeavour to increase the tempo and hopefully gain a break on the rest of the field. He said he rode it similarly to what he did at the Gold Coast on 31 December when it won on that occasion. When questioned, trainer P. Trainer questioned re improved performance - stated that as a result of track downgrade today to Soft 7 was not overly comfortable of a forward showing as it had previously failed on a similar track last start however, attributed improved performance to step up to 1800m. Explanation noted.

S. Comments:Commenced to over-race approaching the 1500m and made the first turn awkwardly. When questioned as to the disappointing performance, Jockey R Plumb stated that after travelling comfortably for the majority of the race, the gelding was then reluctant to improve when racing between runners before commencing to weaken rounding the home turn. He also added that the gelding may have been accidentally struck over the head by another rider's whip. As he was of the view that something may have been amiss with the gelding he did not apply any more pressure to the gelding in the home straight.
