S. Comments:Questioned re performance - rider stated mount raced keenly in lead throughout the race and as a result weakened over the final 200m. Whilst it had won over a similar distance last start, when displaying racing manners evident today failed to runout the 1200m. Post race vet revealed to be lame near fore leg and signs of poor post race recovery.

S. Comments:A post-race veterinary examination revealed the mare to have a slower than normal recovery rate. Trainer reported horse pulled up well and an endoscopic examination failed to reveal any abnormalities. Only tangible explanation was that it may have resented being restrained once it found the lead as had performance poorly in the past when ridden in a similar fashion. Will instruct rider to allow horse to travel along in lead without being restrained next start. If again performs poorly will reaccess current campaign.

ran out the 1400m. Jockey stated gelding travelled well in the early and middle stages but failed to improve when placed under pressure passing the 500m

and in his opinion was disappointing. Vetted - lame behind.
