S. Comments: Jumped away awkwardly, Josing ground, T. Harrison stated, she was of the opinion that the horse would be better suited over more ground and she attempted to settle in the second half of the field. However she believed it did not muster sufficient early speed to take up that position and settled at the tail of the field. Miss Harrison added she attempted to improve her position after passing the 600m, however the horse did not respond and felt awkward in its action over the concluding stages despite working to the line fairly. Veterinary examination revealed the horse to be sore over the rump

S. Comments: Stewards questioned rider J. Byrne regarding the performance and his tactics. He stated that due to interference occurring forward of him near the 800m and because of the steady pace being set in the event, he shifted wider on the track rather than steady from heels. He added that he was wide as a result of this, however the horse travelled well into the home straight and was doing its best work over the concluding stages and he was pleased with the overall performance

He added that the gelding never travelled strongly on the bit throughout the event and proved disappointing in the home straight.

Pressure during middle stages when horses improved to its outside, but was under pressure leaving the 500m and proved dissapointing. Felt mare may be better suited over shorter distances. S. Comments:Rider M. Cahill was questioned regarding his riding tactics in the early stages. He explained that he was instructed to settle the horse midfield with cover if possible, but from the wide barrier, after travelling a short distance, rather than be caught wide throughout, he elected to restrain to the rear of the field. Jockey Cahill added that BERGDORF worked to the line strongly and finished the race off well. He further added that in his view the filly will be suited over a longer distance and when able to take up a midfield position with cover.

S. Comments:Inquiry re performance. Rider stated that after travelling well in the early and middle stages of the race the filly failed to respond to his riding from the 400m and proved disappointing. He added that he advised connections the horse may be better suited to ridden more conservatively in an endeavour to have finish its races off. A post race veterinary examination revealed an abrasion to the off hind pastern and a poor post-race recovery.

S. Comments:Rider J. Byrne explained that the tempo mid-race was only moderate and as he has done previously he elected to allow the horse to stride forward from the 700m as the horse is not one that is able to sprint when the pace quickens. He said despite this TARTAN WARRIOR did not respond and was a beaten horse prior to the home turn and in his opinion was most disappointing. He added that there appeared to be no obvious issues with TARTAN WARRIOR other than in his opinion it raced like a tired horse and he had recommended to connections that the horse should be spelled.
