S. Comments:Appeared to falter near the 100m and shifted out, inconveniencing another runner. The horse was restrained at this point, with rider dismounting on pulling up. After returning to the enclosure SLEEP TIGHT underwent a full vet exam which failed to reveal any abnormalities. Trainer advised that he would have a further vet exam conducted in coming days, the results of which he will report to stewards. Mr O'Dea was advised that pending any further information, he will be required to produce a veterinary clearance for SLEEP TIGHT and the filly must trial satisfactorily before racing again.

S. Comments:When questioned regarding the horse's disappointing performance, rider stated that after obtaining the lead, the filly travelled well in the early stages, however near the 700m commenced to hang out and rounding the home turn made contact with another runner and failed to respond to his riding in the home straight. He added that in his view the horse will be better suited on bigger tracks than that of today's. Vetted and found to have slow recovery rate.

S. Comments:Inquiry re performance. Rider indicated that despite obtaining the lead, the mare, in his opinion, did not travel comfortably at any stage and proved disappointing when placed under pressure over the concluding stages. He added that the mare may not have appreciated racing in blinkers. A veterinary examination revealed it had pulled up in a distressed state and was suffering from thumps. Poor post race blood result was reported by trainers representative and the mare would undergo treatment prior to next start.

Kropp stated that whilst the horse has only had three starts for his stable, he had elected to make significant gear changes of removing the blinkers and tongue tie off the gelding for this start, and he attributed the improved performance to these changes. Stewards noted the explanation, but nonetheless advised Mr Kropp they would expect the horse to hold its form.

Over-raced in middle stages and was held up rounding home turn and early in straight. Dissappointed in finishing effort when failed to sprint after obtaining clear running near 250m. Conceded better suited allowing mare to stride early to maintain lead given steady tempo. S. Comments:Apprentice B. Grylls was questioned regarding the tactics adopted in the early stages when she allowed her mount to stride forward to the lead, which was in contrast with its most recent starts. She stated that after beginning well she elected to stride forward to the lead as she was of the view that she would be caught wide. Trainer J. Wallace stated that he had instructed Grylls to settle in a handy position with cover but was satisfied that after beginning well that Grylls allowed the horse to stride forward to the lead. Trainer reported the horse may be sent for a spell.

S. Comments:When asked to explain the seemingly improved performance, trainer P. Duncan indicated that at the horse's most recent start, in his view, the gelding was ridden quite poorly and when overracing was settled wide on the track. He felt that this had a significant effect on the performance. Mr Duncan added that at the start prior to this the horse did not appreciate the firm racing surface at Dalby on 9 August and he felt that this may explain the improvement on the horse. He was also of the view that the addition of blinkers today was beneficial.	54 Luke Tarrant	(3) 57 R71	\$16,000 \$8 \$10

S. Comments:Trainer questioned re the riding instructions. His instructions were to settle back early and then find the line. Jockey told stewards that he settled back in the field and however was positioned wider than he wished. He added he held up behind another runner when starting his run. He added that on straightening he gave the horse several hits with the whip and got into second place however at 100m he felt OGGIES run had ended. He then felt that he could not catch the leader and was holding down 2nd place easily so he did not continue riding the horse with the whip to the line.

His mount failed to muster early speed and settled in a three wide position worse than midfield until the 1000m where it obtained a position with cover two wide.His mount travelled comfortably in the early and middle stages however failed to sprint when placed under pressure from the 600m and was disappointing. J. Lloyd added that his mounts form suggests it does not appreciate rain affected going and it was asked to carry a large weight today.

Jockey Lloyd added after being slow to begin the gelding commenced to overrace and in his effort to have it settle it lost further ground on the field. Jockey Lloyd further added that the gelding then travelled comfortably and when placed under pressure leaving the 800m commenced to improve and finished the race off well. Jockey Lloyd was of the opinion the gelding would be well suited in a similar pattern to today over further ground. Explanation noted.
