S. Comments:Slow to begin and despite the efforts of its rider trailed the field for the majority of the race. A post-race veterinary examination failed to reveal any apparent abnormalities at the time of examination. Questioned re: disappointing performance - trainer noted gelding is better suited over further distances but was still dissatisfied as gelding had pleased him in a trial leading into the race. Reported that gelding pulled up well after the race and blood tests had failed to reveal any abnormalities. Would step gelding up in distance next start. Warning placed on uncompetitive performance.

S. Comments:Rider explained that in the early stages he was caught extremely wide and therefore approaching the first turn he elected to restrain the colt to find a position closer to the rail. He said that not long after, the horse dropped the bit and became detached from the main body of the field. He added that on straightening he was concerned there was something amiss with the colt and for this reason he did not persist in riding it out. He added that not long after the post the horse made an abnormal breathing noise. Trainer reported the horse was found to have slight bruising to its off front heel.

S. Comments:App S. Eilbeck reported that the horse raced greenly in the early and middle stages and as a consequence lost ground on the leaders leaving the 600m, despite her efforts. App Eilbeck noted that the horse was having its first start back from a spell and in her opinion had resented racing inside of other runners today. App Eilbeck indicated that connections would consider adding blinkers and stepping it up in distance at its next start.

Duncan indicated that at the horse's most recent start, in his view, the gelding was ridden quite poorly and when overracing was settled wide on the track. He felt that this had a significant effect on the performance. Mr Duncan added that at the start prior to this the horse did not appreciate the firm racing surface at Dalby on 9 August and he felt that this may explain the improvement on the horse. He said that the horse travelled well throughout the race, however on a number of occasions during the event wanted to change legs. He could offer no explanation for the performance. A post-race veterinary examination revealed no significant findings. Trainer R. Heathcote was at a loss to explain the poor performance and advised stewards that he would consult with his stable veterinarian and notify stewards should anything come to light that may have had an effect on the performance. A swab sample was taken.

Lloyd stated he was not issued with any real instructions other than the horse began awkwardly at its previous start and raced back in the field. However after beginning well today and with no real speed in the early stages the horse travelled comfortably in the lead and he allowed his mount to hold that position without being pressured. Stable representative Miss M. Seymour confirmed that no specific instructions were given and stewards noted the explanation.
