S. Comments:When questioned regarding the improved performance of the gelding from its most recent start, Trainer B. Currie advised that the horse was not suited to the firm track conditions at Warwick at its last start. He added that the horse, which is a Class 2 runner, was beaten by an established open class horse, and for that reason he was not entirely disappointed with that performance. Mr Currie also advised that, prior to its most recent start, the gelding's form was sound and he therefore expected a forward showing in tonight's event.

S. Comments:Blundered at start. Questioned re tactics. Rider stated instructions were to take up a forward position. After travelling a short distance after it was evident to him he would be unable to obtain a position with cover. Therefore when racing wide he elected to stride forward to comply with instructions. When striding forward he was of view runners to his inside were looking to improve and he made decision to improve quickly to obtain outright lead.

S. Comments:D. Browne said that he attempted to secure cover in 5th or 6th position and when unable to do so he was obliged to allow the horse to stride forward to a position outside the lead closer to the rail near the 600m. He added that in his opinion, whilst this had some bearing on the horse's performance, he felt that the horse did not race comfortably in the rain-affected conditions as when placed under full pressure it failed to respond.

S. Comments:Underwent a pre-race veterinary examination as the horse was racing first up after twelve months, and was passed fit to start. On return to scale, jockey K. Yoshida advised that as the horse was first up from a significant spell it would derive a significant fitness benefit from tonight's run and, in his opinion, would also be suited by the addition of blinkers.
