Comments: When questioned apprentice stated that approaching the crossing near the 700m his mount blundered resulting in him becoming unbalanced and the saddle shifting to the near side which placed him at a disadvantage. Shortly after this he said his mount then commenced to hang out and was awkwardly placed on heels rounding the home turn and had to be steadied. He added that after becoming awkward on heels and whilst being unbalanced in the saddle he lost use of his irons which placed him at distinct disadvantage for the remainder of the race.

S. Comments: When questioned regarding the poor performance apprentice explained that his mount travelled comfortable in a prominent position throughout however when placed under pressure in the straight his mount failed to respond and was disappointing. He attributed the poor performance to the gelding's heavy impost of 60kg and added that in his opinion gelding did not appreciate the hard track conditions. A post race veterinary examination of the gelding did not reveal any significant abnormalities.
