Coome was of the opinion that it failed to run out a strong 1800 metres, however had travelled well until near the 400 metres then failed to run on and may have come to the end of its preparation. A post-race veterinary examination revealed that the gelding was showing a poor post-race recovery rate. Trainer G. When questioned re performance, appr Ljung stated that after being caught wide she had no option but to ride her mount forward to a position outside the leader. She added that despite her efforts the mare raced keenly and she felt that having to pressure her mount so early in the race and also the racing manners of the horse contributed to the disappointing performance. Postrace vet exam failed to reveal any abnormalities. S. Comments:Stewards considered an objection lodged by jockey against second placegetter, alleging interference in the early part of the home straight. After taking evidence from the parties concerned, viewing official video films and taking into account their own observations it was established that shortly after straightening mare established a run to the inside of second placegetter, which then shifted in abruptly and hampered mare. Bearing in mind the margin of a short half head and the manner in which both horses ran to the finish, stewards upheld the objection and amended the placings.
