S. Comments:When questioned regarding the poor performance of the gelding Jockey said that after beginning only fairly his mount was able to obtain a prominent position, where it travelled comfortably throughout, however when a run presented rounding the home turn he placed his mount under pressure and it did not respond to his urgings and was disappointing. Jockey added that in his opinion the gelding performs better over longer distances than today's event. A post-race veterinary examination did not reveal any abnormalities.

S. Comments:When questioned as to why he did not improve his position near the 600 metres, Jockey said his instructions were to not bustle the gelding early and that after beginning well he was able to obtain a position where his mount travelled comfortably, however he was mindful not to ride the gelding along from too far out, as he believed that it has only one finishing effort. Trainer confirmed the instructions.A post-race veterinary examination revealed the gelding was sore in front. Trainer was told a veterinary clearance would be required prior to next start.
