S. Comments:Began awkwardly. When questioned regarding the seemingly improved performance, trainer C. Thompson explained that following its run on 20th September he had a blood analysis carried out, which revealed that the mare was recovering from a virus and had been treated. At the mare's subsequent start, at Rockhampton on 26th October, the mare finished the race off well. Mr Thompson was of the opinion that the step up in distance contributed to the improved performance today. Mr Thompson was reprimanded under AR. 140B for failing to report a condition that may have affected the horse's performance

S. Comments: Was fractious in the barriers, examined by the Club's veterinary surgeon and cleared to take its place in the field. When questioned regarding his riding in home straight apprentice explained that shortly after straightening he was held up behind runners and unable to shift to the outside as he had progressed too far into the run and was continually disappointed when attempting a narrow run. Said that passing the 200 metres he angled his mount towards the outside however was again disappointed over the concluding stages when another runner had improved to his outside. Explanation was noted.
