Rider said it travelled well throughout and was confident rounding the home turn, however was after being bumped near the 400m it laid in slightly and was bumped and then it failed to respond to his riding from that point and proved disappointing. The trainer could offer no excuse other than to say the gelding has previously had one start at Doomben and was disappointing on that occasion. Vetted with no abnormalities reported. Trainer reported that the gelding required treatment for muscle soreness in the back and rump in the days subsequent.

S. Comments:Inquiry re the below market expectation performance. Rider stated that the horse travelled well in the conditions until near the 400m and had enjoyed a favourable run throughout the event, however when asked for an effort in the home straight, his mount failed to respond to his riding and was, in his opinion, very disappointing. Vetted with no significant abnormalities detected. Trainer reported that post race the gelding was found to have a blood irregularity and would now undergo treatment. Further blood tests will be performed before the horse starts again.
