S. Comments:Rider said after beginning well he was keen to find cover and therefore allowed BROADWAY LASS to cross. He said the tempo of the race then slowed so he elected to shift out to the outside of the heels of the leader near the 1000m. He said from that point on his mount never travelled comfortably in the soft track conditions and when ROYALTOWN ROAD improved up around him from the 700m, his mount appeared to not appreciate racing inside other runners and despite being placed under pressure did not respond and was most disappointing. Vetted, no significant findings.

S. Comments: Stewards questioned rider J. Byrne regarding the performance and his tactics. He stated that due to interference occurring forward of him near the 800m and because of the steady pace being set in the event, he shifted wider on the track rather than steady from heels. He added that he was wide as a result of this, however the horse travelled well into the home straight and was doing its best work over the concluding stages and he was pleased with the overall performance.

S. Comments:Began awkwardly. Rider G. Colless was questioned regarding his riding of the gelding over the final 200m. The explanation was noted. Trainer reported it choked down and he would add a tongue tie to its gear.

S. Comments: Inquiry re tactics adopted. Of particular concern was the reason for continuing forward outside the lead passing the 800m when a strong pace had already been set. Jockey Taylor advised she was attempting to fulfil instructions of which she had been told if her mount was not able to lead she would be expected to make a run from the 800m as the gelding can maintain a long run and does not possess a guick sprint. S. Comments: Became unhalanced and lost ground when tightened near 600m. Steadied when tightened near the 250m when tightened near t performance was disappointing. After being ridden aggressively early to take up a forward position, that after receiving interference near the 600m his mount did not respond to his riding in the home straight and weakened. He felt, the horse may have come to the end of its preparation, and also having stepped back in distance today, this may have affected the horse's performance. Trainer S. S. Comments: Inquiry into performance. Rider stated that, in her opinion, the gelding was not suited to the steady tempo in the early stages as she believed the horse performs best when able to improve into the race from the 600m. She added as she was unable to improve when racing behind the leader and the gelding had a tendency to lay out, however did not feel that hanging out had a bearing on the performance. Vetted with no significant abnormalities reported and a swab sample was taken. Trainer indicated that the horse may not have appreciated the short back up from last start.

Rider said after allowing Balgownie to cross in the early stages and take up a trailing position, and when Nada To Prada improved to his outside, he said that his mount, in his opinion, did not feel comfortable when racing in this position. He added that in hindsight the mare may be a horse which appreciates leading as in 2 of its 3 starts it has performed well when permitted to lead.
