S. Comments:Questioned re the performance, rider stated that his mount began well and established the lead quickly, added that his mount raced keenly in the early and middle stages and was under pressure from the 700m to maintain its position, also stated his mount failed to sprint in the straight and was disappointing. Trainer reported in the days subsequent that the mare had pulled up well and that he would add a tongue tie to its gear as he suspects it may have got its tongue behind the bit during the event. A post race vet exam did not reveal any abnormality.

S. Comments:Slow to begin.B. Stewart indicated he had been instructed to ride the horse in the second half of the field and as a result took hold out of the barriers. He then had to pressure the horse in the early stages to remain in contact with the rest of the field and felt then that the horse travelled well until being asked for an effort rounding the home turn, however the horse did not quicken as he would have liked, however over the final 250m the horse was doing its best work, and he was obliged to steady over the concluding stages after improving on to heels.

S. Comments:Stewards afforded S. Galloway the opportunity to comment on the horse's performance. He stated that the gelding travelled well and at a point near the 600m he allowed the gelding to stride forward to improve its position, however from the 400m, when placed under pressure, proved disappointing. He added that in his opinion the gelding may not have appreciated today's firm surface under the heavy impost of 59 1/2. A post-race veterinary examination revealed no abnormalities.
