S. Comments>Contact at start. Made home turn awkwardly and was steadied on a number of occasions. On return to scale rider reported given the horse had previously had a tendency to hang out in its races he elected to look to improve between runners from 500m. He added as a result horse was reluctant to improve between runners in home straight, which attributed to it racing greenly.

He stated that after beginning awkwardly he rode the horse at the tail of the field, which was in contrast to its recent racing pattern. He indicated in hindsight this may have had an effect on the overall performance as the horse had a tendency to lay out in the event and was disappointing from the 600m.
