S. Comments:Rider questioned re tactics - explained mare resuming after a lengthy spell and had trialed before resuming today. Early stages some difficulty maintaining position over shorter distance and in middle stages inclined to drop the bit, requiring him to straighten it along. When asked re riding approaching and rounding home turn stated with small field a run and would save ground rather than going widest. On straightening confident run would present but when it didn't no option but to shift out wide placing it under pressure closing off race nicely.

Chambers reported that after taking up a forward position the filly did not feel entirely comfortable in its action from the 600m onwards. She added that it was also inclined to lay out throughout. A post-race veterinary examination revealed no significant abnormalities. Trainer M. Mair indicated that he would have his stable veterinary surgeon conduct blood tests on the horse, the results of which he would report to stewards. He added that consideration would be given to sending the filly for a spell.

S. Comments:Underwent a pre-race veterinary examination behind the barriers after it was revealed that the gelding had a small cut on the nearside of its mouth and passed suitable to race. Slow into stride. Raced wide throughout. Weakened in the home straight. A post-race veterinary examination revealed that a boil on the nearside of the horse's mouth had burst. Trainer J. Chan will be advised that the veterinary surgeon recommends that the horse undergo treatment for the condition and that a veterinary clearance will be required prior to the horse racing again.

S. Comments:Rider questioned re riding early stages - stated instructed to race handy and gelding had not begun well and after hard riding was unable to clear runners to inside and elected to continue to ride forward to obtain a position closer to lead. After passing 1000m attempted to restrain take up a position behind MISS MIAO but was prevented from doing so. Added amount of work done in early and middle stages contributed to weakening in home straight.
