Raced greenly throughout the home straight placing its rider at a disadvantage, not allowing him to fully test his mount. Trainer was advised that the filly must trial to the stewards satisfaction before being permitted to start again. Trainer added that the filly would be sent for an immediate spell.

S. Comments:When questioned regarding the horse's performance, apprentice stated that the gelding failed to show any early speed and in her opinion raced flat. Trainer stated that he felt the drop back in distance today had an effect on the horse's performance and in view of this it is now the intention to step the horse back up in distance. A post-race veterinary examination revealed no significant findings.

Apprentice concurred with stewards that he would have been better served by attempting to remain racing on the back of the winner, rather than place too much effort on his mount, and improve from that point.

S. Comments:When questioned regarding his riding Jockey said that after being slow to begin then crowded he elected to ride his mount at the tail of the field with cover, where it travelled only fairly throughout. He added that rounding the home turn he placed his mount under pressure in an attempt to follow the eventual winner, however at this point his mount did not respond, and for this reason he desisted from applying pressure in the early part of the straight. Said that when again placed under pressure approaching the 100 metres his mount then responded and ran to the line strongly.

S. Comments:Stewards afforded Apprentice the opportunity to comment on the seemingly disappointing performance of the mare. He stated that his instructions were to lead in today's event however he was challenged for the lead by another runner and as a result he was unable to obtain the lead on his own. He added that he was of the view that this had a detrimental effect on the mare's performance. A post-race veterinary examination revealed that the mare was displaying a slow recovery rate.
