S. Comments: When questioned regarding the disappointing performance, Apprentice said that she had been instructed to lead on the gelding and dictate terms in front, however when another runner improved to her inside she was unable to establish a lead. She said that even allowing for this, in her opinion the gelding was most disappointing. A post-race veterinary examination did not reveal any abnormalities.

S. Comments:Rounding the turn near the 950m when the pace slowed had	I to be checked and lo	st ground. When quest	ioned regarding the disappointing
performance of the gelding Apprentice said that his mount was standing a	wkwardly in the barrie	ers and after beginning of	only fairly he had to ride the gelding
along to take up a forward position to comply with his instructions. Howev	er, he added that he v	was hampered near the	950 metres and placed his mount
under pressure from the 600 metres, where it failed to respond and was d	isappointing.
