S. Comments:Inquiry re tactics adopted, which appeared in contrast to the mare's previous 2 starts. Rider advised she was instructed to position the mare where it was comfortable, adding at its previous start it raced towards the rear of the field from a wide alley. She added it was not her intention to lead today, however after beginning well from a wide barrier she allowed it to stride forward to take up the leading position rather than risk being caught wide in the early stages of the race. The explanation was noted.

 S. Comments:Questioned re: tactics - rider stated instructed to take up a forward position however, when runner to his inside he was reluctant to press forward as he was concerned that his mount may commence to overrace. He therefore allowed the horse positioned wide of him to cross forward of him as his gelding was having its first start over 1800m. The gelding then failed to quicken when placed under pressure leaving the 600m and in his opinion raced flat. Post race vet exam failed to reveal any abnormalities. Stable representative stated that the gelding is better suited when able to lead.

Missen advised that after beginning well he attempted to obtain a forward position as per its customary racing pattern, however the gelding failed to show the speed that he anticipated and consequently settled in a midfield position. He added that the gelding never travelled strongly on the bit throughout the event and proved disappointing in the home straight.
