He added that when placed under pressure the horse carried its head very high and raced greenly and shifted both in and out. He added that, in his view, the horse would benefit from the step up in distance and had recommended to connections to experiment with the addition of either blinkers or winkers.

S. Comments:Bumped shortly after the start. Rider questioned re disappointing performance - stated gelding was unable to muster necessary speed in early stages to take up forward position. Did not travel comfortably at any stage on today's track conditions and in his opinion was better suited to a firmer track. Trainer will agreed with comments of rider and reported that gelding pulled up well following the race. Vetted - no abnormalities.
